CONFIDENTIAL

New plant variety protection in Malaysia is governed by the Protection of New Plant Varieties Act 2004. Plant means any living organism in the plant kingdom but excludes any micro-organism. Variety means a plant grouping within a single botanical taxonomy of the lowest known rank which can be defined by the expression of the characteristics resulting from a given genotype or a combination of genotypes. A plant variety is registrable if it is **new**, **distinct**, **uniform** and **stable**. The duration of protection is 20 years from the date of filing. In respect to trees and vines, the duration of protection is 25 years.
